Jim McCulloch Heads Midway Ball League

At a recent meeting of the baseball clubs in the districts east of here, representing Hawkeye, Lone Pine, Bancroft and Frog Hollow, the Midway Community League was formed with Jim McCulloch as president, and a schedule of games was drawn up for the season.

Ed Neumiller is president of the Hawkeye club; Paul Hauser is president of the Bancroft club; Harry Richardson is president of the Lone Pine Club; and Les Guyn is president of the Frog Hollow club.

The following players have signed with their respective clubs for the season's play:

HAWKEYE—Eddy Schmick, Allan Schmick, Adam Schmick, Bob Himmelreich, Alwood Casbeer, Harold Shupe, Stan Shupe, Bob Taylor, Corney Van Tetering, Mac Cartwright, L. McLaughlin, Bob Lang, Al Reimer, Melvyn Fredall and Ed Neumiller.

BANCROFT—Bob Hannah, Ray Hannah, Eddie Ohlhausen, Arno McCulloch, George Hope, Bob Leinweber, Allen Leinweber, Ray Schaff, Albert Gorr, Paul Hauser, Bob Hope, Bud Richardson.

LONE PINE—Reg Schumaker, Stan Schumaker, Billy Schumaker, Roy Dowell, Elmer Campbell, Lou Fulkert, Hank Campbell, Lou Persinger, Lyle Shultz, Jim Gillian, Oscar Simpson, Mike Harbeck, Bud Tighe, Bill Barker, Ed Patterson, Harold Pratt and Dennis Jenkins.

FROG HOLLOW—Johnny Welton, Tommy Motley, Leo Christensen, Les Guyn, Geo. Kimmel, David Kimmel, Ray Kimmel, Irvin Stang, Ted Montgomery, Ray Motley, Bert Rogers, Harold Winger, Lionel McKinnon, Howard Guyn, hat boy.

Complete Plans For Big Shopping Carnival

Final preparations are now being completed for Didsbury merchants' second shopping carnival, which will be held from Saturday, May 20, to Saturday, May 27, both dates inclusive, and over \$225 in prizes will be given to lucky ticket holders at the close of the big event.

The shopping carnival will be conducted along the same lines as in the first big event, with one ticket being given at the store where purchase is made for every dollar in merchandise bought by the customer. While there is a limit of 100 tickets on any one purchase, shoppers may secure as many tickets as they wish, and every dollar spent gives the customer an extra chance to win one of the five big prizes.

The big filler advertising the shopping carnival is now in preparation and if advertisers co-operate the advertising material will be in the mails this week end.

A complete list of prizes and other particulars will appear in our next issue.

Walther League Elects Officers for Year 1950

The topic "My Service to My Country," which was discussed at the last meeting of the Walther League, was led by Erhard Reinhardt. It was pointed out that a good Christian citizen should take an active and intelligent interest in the affairs of his community and government. The question, "Should a Christian citizen refuse to bear arms for his country?" started a very lively discussion.

New officers were elected for the coming League year, as follows: President, George Pieper; vice-president, Jean Krebs; secretary, Erhard Reinhardt; treasurer, Walter Artman.

A vote of thanks was extended to Walter Artman for having so ably performed the duties of treasurer for the past number of years, and for agreeing to take this position for the coming year.

The League voted in favor of sending an invitation to the Alberta Southern Zone to hold the Spring Rally in Didsbury.

Plans were made to hold a special service to observe the Walther League anniversary on May 23rd.

Lunch was served to close an enjoyable and educational evening. The next regular meeting of the Redeemer Walther League will be held on Tuesday, May 15th.

RUGBY BLUEBELLS MEETING

The last meeting of the Rugby Bluebells was held on April 22nd at the home of Mary Lou Hosenood with 11 members present.

Two stories were handed in for the story contest, and Lila Blain conducted the "bit of fun."

After the business meeting the girls worked on their shell brooches. The May meeting will be held at the home of Viola McNaughton. There will be fudge and public speaking contests.

Westcott Institute Plan Flour Sack Contest

The Westcott W.I. met at the home of Mrs. Lloyd Vogel on Thursday, May 4th, with 20 members and five visitors present. Roll call was answered by a "question box."

A large "hussel" was filled, and as the W.I. already has a pen pal in England, next month's objective will be good used clothing instead.

In the flour sack contest for the next meeting members may use as many flour sacks as they wish, but only one article is allowed in the contest.

Melvin W.I. members are invited to be the guests at the June meeting of the Westcott Institute. The sum of \$10.00 is to be given to the Cancer Society's drive for funds.

Two songs were sung, followed by Mrs. Ernie Walker's paper on Social Welfare. She chose the work and duties of the V.O.N. nurses. Mrs. Carl Eckstrand received the first prize in handwriting in last month's contest "The Best Idea for a Home-Use Saver."

Miss Phyllis Hughes, a recent graduate from the General Hospital in Calgary, was present, and after being congratulated, told the members some of the funny incidents which took place while she was in training.

Mrs. Clifford Eckstrand had the famous Canadian topic, and she chose Will Carter, famous for his cowboy songs. Mrs. Carl Eckstrand is the June hostess, but as her house is small she is having the meeting in the basement of the Westcott church on Thursday, June 1st, at 2:30 p.m. Ladies are asked not to forget the used clothing and the flour sack contest.

WESTCOTT NOTES

Mr. and Mrs. J. Lane and family of Cremona were visitors at the Herbert Goetjen home last Friday afternoon.

Mr. and Mrs. B. Reinhardt and daughter Linda spent the weekend in Marysville, B.C., where they attended the wedding of Mrs. Reinhardt's brother, Mr. Doug Schneider, who was a guest at the wedding. The nurses of the Rosebud Health Unit visited Westcott school last Wednesday.

Donnie Konechuh is back at school after being absent from classes for the past week due to illness, as are many others who have been sick of late.

Mr. and Mrs. Peter Stakenas and daughters of Calgary spent last Thursday in Didsbury.

This district received much needed moisture over the weekend and Monday. Some seeding of wheat has been done but most farmers were waiting for warmer weather to start the seeding operations.

University Chorus Gets Splendid Patronage

The Didsbury Opera Theatre was packed to capacity for the performance of the University Chorus, sponsored by the Didsbury Lions Club, on Wednesday, May 3.

Two large buses with over 70 members of the famous University Chorus, together with their conductor, Mr. R.E. Eaton, arrived in town in the morning and members were billeted at various homes in town and district.

This is the third performance by the University Chorus in Didsbury and those attending both the afternoon and evening concerts on Wednesday were loud in their praise of the fine entertainment.

Didsbury was the first stop of the University Chorus on its tour of Southern Alberta, and numerous master players from neighboring towns attended the concert.

Didsbury Y.P.U. Wins Second For Play at Drama Festival

The Didsbury Young Peoples' Union of Knox United Church brought honors not only to players but to Didsbury last week end when they won second prize for Southern Alberta in the Drama Festival in Calgary, conducted by the Young People of the Alberta Conference.

Besides winning the second prize Miss Ann Engwer of Didsbury was awarded the trophy for the best actress at the festival, and Mr. Roy Reiffenstein of Didsbury won the trophy for the best supporting actor.

The one-act play presented by the Didsbury Young Peoples' Union was "The Counting of Marie-Jean" which was directed by Miss Laura Edwards, and after the play last Friday night in Mount Royal College Auditorium, Miss Edwards was presented by the cast with a dozen lovely carnations.

NEWS NOTES FROM THE WEST COUNTRY

(Last Week)

The Rugby W.I. met at the home of Mrs. O. Krebs on Thursday and tied two quilts for the Red Cross, after which a delicious lunch was served by the hostess.

Mr. and Mrs. O. Thompson were Calgary visitors on Monday.

Mr. and Mrs. A.L. Hogg spent Sunday with Mr. and Mrs. F. J. Niddrie at Mound.

Mr. and Mrs. E.W. Lowrie were Calgary visitors from Sunday till Tuesday.

(This Week)

Mrs. K. Konechuh visited with Mrs. Baughman on Friday afternoon.

Among those visiting with Mr. and Mrs. A.L. Hogg on Sunday were Mr. and Mrs. C. Wilson and Bill of Cremona, Mr. and Mrs. A.A. Hogg and Mr. and Mrs. Colin Hogg and baby Norman of Calgary.

Mr. and Mrs. Colin Hogg were supper guests with Mr. and Mrs. Gordon Befus on Sunday.

Mrs. Eddie Campbell was a Calgary visitor over the week end.

Mrs. O. Krebs and family visited with Mr. and Mrs. Allan Krebs on Sunday.

Mr. and Mrs. J. Bagshaw were Calgary visitors on Thursday.

Mrs. F. Byrt spent Friday at the home of Mrs. C. Byrt.

Mr. and Mrs. Rogerson of Calgary, formerly of Rugby, lunched with Mr. and Mrs. L. Chandler on Thursday. Mrs. Rogerson then attended the Rugby W.I. meeting at the home of Mrs. A.L. Hogg, while Mr. Rogerson visited with Mr. H. Hosenood.

Mrs. Morgan, who was visiting her daughter Mrs. Roy McNaughton, also attended the Institute meeting, as did Mrs. McEae, a newcomer to the Rugby district.

The ball season will start next Sunday with both Elktion and Melvin playing their first games, but in different leagues.

Mr. and Mrs. E. Fisher and family spent Sunday with Mr. and Mrs. F. Byrt.

Seeding Delayed Due To Backward Spring

Although this is the second week in May the weather has been very cold for this time of the year and spring seeding of grain crops has been retarded by the cool weather. Some farmers have commenced the seeding of wheat, but most of them have been waiting for warmer weather to start the weeds and assure even germination of seed.

Moisture conditions west of town are reported as ideal for seeding operations, and while most farmers have commenced work on the land very little seeding has been done. However, with the season advancing it is expected that wheat seeding in this area will be fairly general by the weekend.

East of town moisture conditions are not quite as favorable although surface moisture is said to be adequate for seed germination, providing warm weather prevails.

During the past week skies have been cloudy and showers have prevailed, but a good general rain in all areas would be appreciated.

The heavy showers Monday afternoon were followed by clearing skies Tuesday and warmer weather has been forecast for the balance of the week.

It has been estimated that not more than five per cent of the acreage in this district has been seeded at this date.

Dr. McKenzie Elected Tennis Club President

The reorganization meeting of the Didsbury Community Tennis Club was held in the Town Office on Tuesday evening, May 2, and the officers for this season were elected as follows:

President, Dr. R. E. McKenzie. Vice-President, Ian Smith.

Secretary-Treasurer, Louise Bateman. Chairman of Membership Committee, Margaret Hanson. Assistant, Don McArthur.

Chairman of Grounds Committee, Earl Erb. Assistant, Cameron Worde.

Chairman of Social Committee, Audrey Evans.

Fees for the 1950 season will be the same as last year: High school students, \$2.50; Adults \$3.00; Family ticket \$10.00.

Memberships may be obtained from Margaret Hanson or Don McArthur.

An ambitious program for reconstruction of the courts is envisaged, and the plans include extension northwards for some 20 feet to lengthen the back court; surfacing the courts with red shale; provision for side fences is to be made, and piping of water from the arena is planned, with the expert assistance and advice offered by Mr. Dave Flynn.

POWER TURNED ON WEST OF DIDSBURY

Some of the subscribers to the West Didsbury Rural Electrification Association Ltd. were happy last Friday when the power was turned on, giving them the benefits of modern conveniences on the farm.

While the lines have not been completed, most of the work has been done and as connections are made the power will be turned on. The connections hooked up last Friday were from the sub station to the Bob Kershaw farm.

Melvin Baseball Club In Action This Week

The Melvin baseball team has reorganized with Albert Krebs as manager and Ross Youngs as secretary. New uniforms have been purchased, but it is found that the boys are badly in need of funds. To help meet oncoming expenses the boys are sponsoring a dance at the Melvin hall this Friday, May 12, with a personality radio given away to the holder of the lucky dance ticket. The Krebs' Morry cadets will supply the music and it is hoped a good crowd will turn out and support the ball club in spite of the busy season.

Congratulations are extended to Mr. and Mrs. Glen Roberts (Lois Krebs) on the birth of a daughter, Cynthia Annette.

Mr. and Mrs. E. Gardner of Eagle Hill spent several days last week at the home of Mrs. Gardner's daughter, Mrs. R. McNaughton.

Rev. Collett was a Sunday dinner guest at the McNaughton home.

Mr. and Mrs. Glenn Johnston and family and Mr. and Mrs. Reg. Johnston and son of Cremona were Sunday guests at the Johnston home.

Ronald Johnston is gradually improving and we hope before long will be able to be about again.

Ducks Unlimited Make Surveys in This District

Mr. G. H. Patrick of Strathmore, manager of Ducks Unlimited for Southern Alberta, and Mr. George Freeman, field supervisor, arrived in Didsbury Tuesday to make a survey of the "Tuggle" slough south-west of town, with a view to putting in small permanent dams, if possible, to hold the runoff of water and thus provide a breeding ground for ducks in the spring and summer season.

Mr. Patrick asks farmers who may have small areas which could contain water for stock to contact either Ducks Unlimited or local fish and game officials, and if a small project is feasible Ducks Unlimited will put in dams to hold water, without cost to the land owner.

Last year Ducks Unlimited made surveys of the "Wrigglesworth" and "nine-mile" lakes and it is possible that some construction may be undertaken on these projects in the near future.

Mrs. G. Ray Speaks to Rugby Institute Ladies

The May meeting of the Rugby W.I. was held at the home of Mrs. A.L. Hogg with an attendance of 17 members. During the last month two quilts have been made for the Red Cross.

Mrs. Ira Scott was chosen as representative to attend one of the Cancer schools being held at the end of the month.

Mrs. G. Ray gave an interesting talk on the growing of different vegetables in the home gardens, different varieties, cultivation, etc. As this is ten past month Rugby W.I. is starting to exchange letters with a W.I. in England.

For her short talk Mrs. H. Hosenood gave a most interesting sketch of the Hudson Bay Company and all its numerous activities.

Mrs. L. Krebs conducted the "bit of fun."

Next month's meeting will be held at the home of Mrs. Alec Blain.

DIDSBURY HOSPITAL BIRTHS

Born at the Didsbury hospital to Mr. and Mrs. Glen Roberts on Wednesday, May 3, a girl.

To Mr. and Mrs. Allen Hughes on Saturday, May 6, a boy.

To Mr. and Mrs. Garby Bogner on Tuesday, May 9, a girl.

Honor Ezra Sherick On His 77th Birthday

On Saturday evening, May 6, Mr. Ezra Sherick, resident of Didsbury since 1908, was given a pleasant surprise by members of his family in honor of his 77th birthday, which occurred on May 4.

Mr. and Mrs. Verdo Sherick and sons Kenneth and Ormand, Mr. and Mrs. Russell Sherick and son Dale, Mr. and Mrs. Ward Sherick and two small sons, all gathered at the home of Mr. and Mrs. Gordon Sherick and their son Lambert and daughters Donna and Nadene. Besides these four sons and their families were two daughters, Edith and Marion Sherick, as well as Miss Sarah Zook and Mrs. Pearl Lemon, friends of the family.

After an informal time spent together, the ladies served delicious sandwiches, donuts, ice cream, coffee and cake. Mr. Sherick was well supplied, having two large birthday cakes filled with candles, and the grandchildren enjoyed helping Grandpa blow out the candles.

Mr. Sherick homesteaded east of Didsbury 54 years ago. He farmed in the vicinity almost ever since, and about five years ago he retired to live in town with his two daughters, Edith and Marion. Mrs. Sherick passed away in the summer of 1939. The oldest daughter, Laura (Mrs. Peter Dyck), lives at Bergen, and Arnold, another son, lives in the U.S.A.

Mr. Sherick has enjoyed unusually good health most of his 77 years and he has never been in the hospital. He is well at present and enjoys going to church regularly, and cares for a fine flock of chickens when he is at home.

WINS TRADITIONAL GOLD CANE RACE

The 10,000-ton Canadian Pacific cargo liner Beavercoon won for her master, Capt. S.W. Keay, O.B.E., the traditional gold-headed cane

awarded annually to the skipper of the first overseas vessel to enter the Port of Montreal at the beginning of the navigation season. Ice conditions in the St. Lawrence River, which caused ships to dock temporarily at Quebec City, helped

make the race one of the tightest ever, with the Beavercoon making the voyage in just ten hours and ten minutes. Inset shows Capt. Keay (right) receiving the gold-headed cane from A. Gordon Murphy, Montreal Portmaster.

M.V.B.C. NEWS ITEMS

Activities around the College seem to be at a low ebb just now, but with the Sawatzky sort of steering the craft there are signs of spring work developing. Aho got a number of spruce trees to plant on the campus. He also plans to put in a good-sized vegetable garden.

The Board of Trustees met last Thursday and worked on plans to connect up with the Town sewage system, and for the erecting of a house to be used by a faculty member.

Mrs. Noah Swalm, Mrs. Rudolph Neubauer and Mrs. Pearl Lemont were elected by the Board as the provisions committee for the coming school year. M.V.B.C. anticipates a substantial increase in enrollment this fall. This will require an additional amount of foodstuffs. Our friends have always helped us to meet this need very generously. Just now is a good time to preserve eggs for next winter. The committee would be pleased to accept eggs for packing when friends feel that they can spare some. We thank you in advance.

Miss Marjorie Eby is chief dietician for the summer term. She serves the four high school students who are here and several others remaining for the term.

Mr. and Mrs. J. T. Hoskins left on Saturday, May 6, for Oregon and other parts of the U.S.A.

Mrs. Lydia Suder will leave for Kitchener, Ontario, where she will attend the Inter-Conference Council Meeting of Women of the United Missionary Church. She leaves on Saturday, May 13.

Word was received from the M.V.B.C. Male Trio, Messrs Richardson, Cox and Tweed. They are having a good tour in B.C. and Washington. M.V.B.C. anticipates a fine additional number of young people as a result of this representation.

M.V.B.C. had the pleasure of entertaining four young ladies and five young men of the University of Alberta Chorus last Wednesday. We enjoyed their fellowship. Miss Jocelyn Rogers delighted us with a number of piano selections from the classics.

PROMISING NEW RANGELAND GRASSES FOR WESTERN CANADA

Thousands of acres of rangeland in western Canada are in such a depleted condition that they may require from 20 to 25 years to recover unless good management and reseeding practices are adapted. At the present time much of the ranching areas will only support 10 head of stock to the section, producing approximately 6,400 pounds of beef, but if a reseeding program is adapted, says William A. Hubbard, Range Experiment Station, Manyberries, Alberta, it is possible that these figures might be doubled.

Grasses for the Canadian prairies must be able to exist on 12 inches of precipitation or less, with over 50 per cent falling during the growing season of April, May, June and July. Grasses for this area must be drought resistant and be able to withstand low winter temperatures, conditions which definitely limit the number of suitable species available to the rye grasses and the wheat grasses.

At the Manyberries Station it has been found that the Desert wheatgrass is superior to the Fairway in its ability to withstand drought, but tests show that any type of wheatgrass provides the best spring pasture. The growth habits of Western wheatgrass make it suitable for late spring and summer pasture, and the Kamloops strain has been found superior to the common strain at Manyberries. Under certain conditions such as salinity, fall wheatgrass has proved satisfactory. Intermediate wheatgrass, northern wheatgrass and stream-bank wheatgrass are others of the wheatgrass family that show promise. Siberian and Desert wheatgrass are both similar to the crested wheatgrass, but appear to be a little more drought resistant. Russian wild rye shows great promise for summer and winter use according to work done at the Archer Field Station, Wyoming.

Very little seed is at present available except for the common species, but as soon as a new species or strain has proved itself to be of value, every effort will be made to increase it so that it can be made available to all.

Much work has been done on promising species by selection and plant breeding, taking into consideration leafiness, earliness, or lateness of growth, seed production, ease of harvest, and resistance to drought, cold or disease, in an effort to improve existing strains.

Canadian researchers can detect flight of meteors by radar.

"ACHILLES' HEEL"

Naum Jasny, the former Russian food expert, claims that the greatest potential weakness in the U.S.S.R. national set-up is its agriculture. Mr. Jasny has written a book entitled "Socialized Agriculture in the U.S.S.R." in which he claims that the Russian system of collective and state farms has created a permanent hostility among the majority of the peasants, which has resulted in insufficient production of food for the industrial population. The author claims that if the Soviet government should be weakened the collective farm system would be disrupted if not completely destroyed. At the same time he states that a return to small holdings would not rectify the situation, such being uneconomical with the operation of modern farm machinery.

THREE BILLION DOLLARS FOR WAR DAMAGE

Compensation payments for war damage in Britain are now approaching some three billion dollars. The latest figures issued by the War Damage Commission showed that during the past year another \$310 million have been paid for repairs and reconstruction. Compensation still averages \$6 million a week. This average is expected to continue for some time to come.

DISTRICT AGRICULTURIST NOTES

Last year 75 samples of seed were taken from Seed Drills by the D.A. and Supervisor in the M.D. of Mountain View. These samples were examined by inspectors of the Line Elevator Service. Without considering germination 72% of these samples were unfit for even No. 3 seed.

One sample of Oats contained 316 weeds in a pound examined, as follows:

Ball Mustard 4, Wild Oats 152, Wild Buckwheat 4, Barley 4, Stinkweed 12, Blue Bur 80, Wheat 56, Stender wheat grass 4.

Surely there is no excuse for sowing such seed. It will pay dividends to sow clean seed. You can improve your grain crop by the following three simple rules: (1) Sow clean seed. (2) Test for germination. (3) Treat with a mercury dust.

ISSUE ALASKA ROAD BOOKLETS

Each year there are numerous requests for copies of the Alaska Highway booklet issued by the Alberta Motor Association.

Thousands of copies have been distributed to motor clubs, travel bureaus, hotels, garages, service stations, Chambers of Commerce and through other channels during the last two years.

Owing to the steady demand, the booklet is being revised and brought up-to-date before being issued again this year.

It will give the latest available information concerning accommodation and services along the highway, regulations for tourists, mileage, game and other regulations. This is expected to again prove a valuable part of the supplies of information provided freely to tourists.

Some of the school boys have been annoying elderly citizens by nasty remarks and one of the gentlemen in question has asked the Pioneer to remind parents to caution their boys and girls to show more respect for their elders.

Miss Florence Reist, nurse in training at the Calgary General Hospital, is home for a three weeks holiday. She was accompanied by Miss Shirley Knight, who will visit for a few days with the W. Reist family.
